

Hampton Green Energy Committee

Lecture & Film Series

Thursdays at 7 pm

Hampton Town Hall, 164 Main Street, lower level

Thursday, January 9, 2020 – Is Hampton ready for 100% Clean and Renewable Energy?

The Governor’s Executive Order on climate change set a goal for a carbon free economy by 2040. What role does Hampton play in achieving this goal? This presentation will explore what it means to reach 100%; what we’ve done to date, results of the Hampton energy survey, and an overview of upcoming programs.

Thursday, February 6, 2020 – Film Showing “The Biggest Little Farm”

The Biggest Little Farm chronicles the eight-year quest of John and Molly Chester as they trade city living for 200 acres of barren farmland and a dream to harvest in harmony with nature. Through dogged perseverance and embracing the opportunity provided by nature's conflicts, the Chester’s unlock and uncover a biodiverse design for living that exists far beyond their farm, its seasons, and our wildest imagination.

Thursday, March 5, 2020 – Learn how to save money and make your home more comfortable with Energy Efficiency measures with speaker Leticia Colon de Mejias

Leticia Colon de Mejias is the Founder and CEO of Energy Efficiencies Solutions (EES) a Connecticut based full service Energy Conservation Company. EES offers comprehensive solutions to conserving energy including; home energy assessments, energy usage reports, air sealing, insulation, windows, solar, heating and cooling systems, renewable energy options, energy education, and return on investment coaching for retrofits and energy upgrades.

Thursday, April 2, 2020 – Is your house right for solar? Solar presentation with Stephan Hartman

Learn about solar possibilities for your home and how solar works. Stephan Hartman of Ross Solar Group/ Con Edison Solutions will discuss how solar works, federal and state solar incentives, and flexible financing options that make solar panels more affordable than ever. You can find out if your home is good for solar at the presentation. Ross worked with the Hampton Green Energy Committee on Hampton’s Solarize campaign.

Thursday, May 7 – Are you sick of fluctuating gasoline prices and costly car maintenance and repairs? Electric cars may be the answer for you.

Come meet with various owners to learn all about EVs – Lower fuel costs, less maintenance, fewer repairs. Many models will be on hand **and a speaker from the New England Electric Auto Association will update on the newest and best electric cars. Car Show begins at 6, presentation at 7.**

Thursday, June 4, 2020 – Film showing– “Paris to Pittsburgh” at Goodwin Forest Under the Pavilion

From coastal cities to America’s heartland, *Paris to Pittsburgh* celebrates how Americans are demanding and developing real solutions in the face of climate change. And as the weather grows more deadly and destructive, they aren’t waiting on Washington to act.
