Old business.

Farm Fair

Deb has not heard back from the principal of the elementary school on the progress of the poster competition for the Farm Fair. She stated that we may have to reuse the entries from last year.

Rene has received a request from the American Legion to have a table and/or space at the fair. We discussed whether this was within the parameters set down in our intentions for the Fair. It was felt that any Hampton Community Organization should be welcome and it was approved. It

was felt that a draft of participant guidelines was needed and Larry volunteered to have a draft ready for the next meeting for discussion.

The Volunteer Fire Dept will again supply the food vending for the Fair.

It was felt that signs for the Fair should be put up for the Memorial Day Parade on Monday, Larry will put up a large sign with the date and Deb would try to have posters ready .

New Business

Brenie said his daughter would have availability date for the fall for a presentation soon.
