Monthly Board of Education Update

Principal Report

May 11, 2022

PBIS 2022 Mystic Connecticut 10th Annual Convention <https://nepbis.org/forum/>
<https://nepbis.org>

Staff members that attended the conference split into different sessions and will be sharing out information and resources with other staff members during PD and staff meetings.

This Forum has specific strands where series of presentations occurred around various applications of the PBIS Framework.

- **School-Wide PBIS** – Provides an overview of the first tier of School-Wide PBIS, including school climate and contextual fit.
- **Equity** – Focuses on how to implement a Positive Behavior Interventions framework within a culturally responsive lens.
- **Mental Health** – Focuses on braiding mental health supports across our PBIS framework of multi-tiered supports.
- **Systems to Support Staff** – This strand shares content on systems that support staff to successfully implement our positive support elements and increase effectiveness.

Extensive details are provided in the link above. Presenting representatives were from East Coast states including, Vermont, Delaware and Pennsylvania

April –May Tuesdays: After School Math Clubs

April 27: Whole school Goodwin park environment education

School Spirit Days: April 7 & 14 & 28

April-Weekly: AQIS SR OEC team/support and Grant meetings

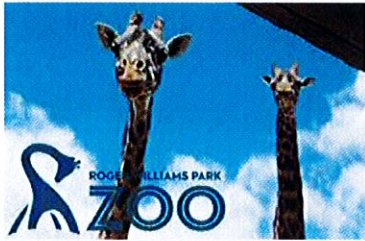

April 25 - 29: Earth Week 25 – 29

May 10: David Howes Professional Development in house whole staff, setting goals to improve communication and planning

May: SBAC Testing Team B and Team C

May 12: PBIS Training - Julia Cackowski, Laura Sorel, Sam Roberson

May News Team B with Ms. Sanchini and Mrs. Brown

Roger Williams Zoo Whole School Field Trip on May 19th. Permission Slip attached.

Our Science Unit of Study is about Zoo. It is a crossover unit with all content areas. Our BIG questions are: What are the purposes of a zoo? and Are Zoos good or bad? Students will learn about vertebrates in general and those that are at the Roger Williams Zoo. Lots of research will be done. In groups, they will design their own zoos and write two essays.

SBAC

Smarter Balanced Assessments for
English Language Arts/Literacy
and Mathematics

May 2 - 20th is our test window which includes make ups. Unfortunately, we have had to delay our start to May 9th. More details will be shared by Ms. Roberson this week.

Wonder Robots: We will be exploring and experimenting with Cue. Cue is a robot where students write code. We have a xylophone and more for it to move about. Students will also be block based coding using Scratch.

Each student will prepare and present a poster explaining what Memorial Day means to them.

Reflections

We are winding down the 2021 - 2022 school year and so students are creating their reflection with writing and art. We will share a presentation online.

Outdoor Learning Spaces

Please have your child dress to be able to be outside including footwear for the nature trail and to have sunscreen applied before school. We will have our canopy set up.

Jedi Training in P.E.

1. Laser Steps
2. Stepping Stones
3. Rainbow Walk
4. Speed Ladder
5. Leg Lifts

11. Hoop Huts
12. Rainbow Cave (Army Crawl)

9 out of 12: Jedi Warrior

12 out of 12: Jedi Master

May 3, 2022

Dear Parents & Guardians:

Attached please find a calendar of events for Team C until the end of the year.

We will have a visit here from Parish Hill on the 17th and we will go for a tour of the building and meet the teachers on May 26th from 9-11. This will be just the students that will be attending PH in the fall.

Year end testing is starting the next few weeks, NGSS Science is only taken by certain grades, 5th being one of them. Please do your best to ensure students are on time, rested and have adequate nutrition or eat breakfast at school.

We will be having a whole school field trip. Parents may attend but provide transportation and admission fees. I need permission slips signed and returned for the Roger Williams Zoo and those that will be going to Parish Hill in the fall.

Class Night is scheduled for Thursday, June 9th. Parents of 6th graders if you have pictures from early years and field trips please forward them to me at cmilton@hamptonschool.org, at your earliest convenience. I will have more information in the coming weeks but for now just mark your calendars.

Nature's Classroom will be coming to Team C from New Hampshire for a full day of science exploration and team building activities.

Happy May!

Mrs. Milton

Mrs. Sayles
